“Anything your mind can conceive, it can achieve!” Napoleon Hill

Graduates Share Their Experiences

“ My Patients Love the Healing Power of Suggestion ”

“I am able to incorporate my Hypnotherapy skills I learned in my Ph.D. program at S.J.U. into my medical practice. My patients are now able to heal at many different levels – mentally, physically, and emotionally. And they love receiving therapeutic suggestions as an alternative to a prescription! We now can offer the Mind Medicine of Hypnotherapy.”

- Deborah Layton, RN, Ph.D., Temecula, CA -
Nurse Practitioner, Clinical Hypnotherapist

“ Decades of Research Enriches the World ”

“St. John’s University clearly reveals that positive self-suggestion dramatically improves our lives. My research with post kidney transplant patients in the late 1990’s at L.S.U. Medical School of Health and Human Sciences further confirms the unlimited power of the mind for self-healing. Drs. Winklers’ decades of research with tens of thousands of clients continues to enrich the world and anyone seeking to heal themselves with the power of their own mind.”

- Nina M. Kelly, Ph.D. New Orleans, LA -
Clinical Hypnotherapist, Mythologist, Author, Film Producer

“ My Application of Hypnotherapy in Nursing ”

“It is my privilege to recommend the programs at St. John’s University. I am a registered nurse and I completed the S.J.U. Hypnotherapy Master of Arts Degree. The education is excellent, and the good will and positive thinking is wonderfully inspiring. It enables students to reach their goals and become what they really desire to be.”

- Patricia Richard, R.N., M.S., Denham Springs, LA. -

“ I Believe There Is a Time and Purpose ”

“I believe there is a time and a purpose for everything under Heaven. And I believe that special people like Drs. Pamela and Arthur Winkler are chosen by God at specific times in our history for special tasks. I believe their task was to share their lifetime of knowledge with the world through St. John’s University’s programs and their amazing self-help materials. For me, S.J.U. is the most powerful shining light in the darkness.”

- Rev. Sharon Abbruzzese, R.N., B.S., Roseville, CA -
Pediatric Nurse, Inter-Faith Minister

“ Harness the Inner Mind For Super Learning ”

“Mind Medicine reveals the mind can achieve anything! We can also harness the inner mind for super learning. As a Master of Arts graduate of St. John’s University, my students now are able to learn new language skills at lightning speed!”

- Paul Ebersole, M.A., Innsbruck, Austria -
Clinical Hypnotherapist, University Language Lecturer

“ Enriching the Lives of Others With the Power of Suggestion ”

“I highly recommend the Hypnotherapy programs at S.J.U. Earning my advanced degrees in Clinical Hypnotherapy has allowed me to apply my knowledge, and help clients overcome phobias, diabetes, arthritis, skin disorders, and sleeping issues, has been a blessing. As Drs. Pam and Art emphasize, we do not heal our clients. It is their connection with God that allows them to draw from this Ultimate Healing Power.

- Rev. Alfred Miramontes, Ph.D., San Diego, CA -
Clinical Hypnotherapist, Director of the Miramontes Life Center

“ I Have Been Able to help Hundreds of Children ”

“I suffered many years with life threatening asthma, plus dealing with dangerous side-effects of medications. After learning self-hypnosis at S.J.U., I no longer had symptoms of asthma! My life was really blessed after earning my Master’s degree in Hypnotherapy at S.J.U. I was soon hired as a Counselor and Hypnotherapist at a nearby public school system. Hurricane Katrina had just devastated our area, and the children were really struggling in school. During the past 15 years, I have been able to help hundreds of children improve their lives with the gentle power of suggestion. And I still have no symptoms of asthma!”

- Bonnie Weimer Poirier, M.S., Covington, LA -
Hypnotherapist, Minister, Director of St. Francis of Assisi Church

“ S.J.U. Gave Me All the Confidence in the World ”

“It has been such an honor to be a graduate of S.J.U. My Master’s and Ph.D. curriculum was so amazingly powerful, that I have all the confidence in the world in my ability to help people to help themselves through the power of suggestion through Clinical Hypnotherapy.”

Rev. Albert W. Holguin, Ph.D. Murrieta, CA Clinical Hypnotherapist

“ I Earned My High School Equivalency From S.J.U. ”

“I was 33 years old when I earned my H. S. E. from S.J.U. I worked 13 years at a grocery store that was part of a huge chain store. I gradually worked my way up to manager of the meat department. Within 2 weeks of earning my equivalency from S.J.U., I was promoted to Supervisor of all the meat departments in 22 stores across southern California. I recommend S.J.U.’s High School Equivalency national testing service to anyone who wants to be successful and is willing to work hard to reach their goal.”

- Andrew J. Masters, Yucaipa, CA -

Welcome to St. John's University

Drs. Pam & Art Winkler

Art and I want to welcome you to St. John's University. It is a very special place prepared for special students who are fulfilling a special destiny ...

Mission Statement

Our mission at St. John's University
is to offer educational programs that reflect God's Perfect Plan
to enrich the human spirit and thereby
strengthen our service to God, family and community.

General Information

St. John's University is a private, non-profit University committed to academic excellence and individualized student-faculty instruction through distance learning programs, enabling students to achieve their educational goals and graduate debt free. Students are given flexible tuition choices each semester that enables them to pay in full for the courses for which they have registered. All students graduate debt free.

St. John's University was founded in 1970 by E. Arthur Winkler, Th.D., Ph.D., who deeply believed that quality academic degree programs could be offered completely through distance learning. St. John's University continued to provide distance learning and integrates the best aspects of traditional education with the convenience, efficiency, and personal safety that distance learning provides. All course assignments are designed to insure optimal safety during the COVID pandemic.

Today, St. John's University programs are helping various professionals, including nurses, teachers, counselors, therapists, ministers, and many others to learn additional therapeutic skills to better enable their patients and clients to improve their lives.

Harnessing the Inner Mind for Wellness

Today there is a critical need for qualified, University trained Clinical Hypnotherapists. St. John's University brings the study of the inner mind into clearer focus with a comprehensive, well integrated series of courses designed to prepare professionals in the proper use of Clinical Hypnotherapy.

The harmony of the mind-body-spirit connection is essential to wellness. The bridge between the body and the spirit is the mind. The inner mind is the key to wellness.

This is true because the inner mind chronologically stores every imprint and impression we have ever experienced. But the inner mind can misunderstand an emotional experience and as a result unintentionally create an inaccurate memory of that experience that later can cause serious problems.

The inner mind can be gently guided to resolve the root cause or original emotional memory that caused a problem. That is why the inner mind can be said to be 'nature's perfect medicine'.

**What the mind has caused, the mind can cure.
What the mind can cure, the mind can prevent.**

Clinical Hypnotherapy Career Opportunities

There is a critical need at this time for University trained Clinical Hypnotherapists. This curriculum provides the therapy skills of effectively harnessing the mind for holistic wellness. The COVID pandemic is a reminder of the critical importance of managing daily stress and maintaining a healthy mind-body-spirit life style.

Students enjoy a personalized one-on-one relationship with their instructors. For busy professionals, the freedom to complete courses in a self-paced manner, enables a high percentage of student success and graduation.

Many S.J.U. graduates have easily integrated their Hypnotherapy skills into previous or current careers. Others were able to expand their careers in new and creative ways. Significant opportunities became available to graduates including teaching, public speaking, writing, research, a private practice, and consulting. For injured or retired professionals, such as nurses, emergency responders, and teachers, a private Hypnotherapy practice can provide additional income. Individuals who are in a wheel chair, can be very effective Hypnotherapists, as Hypnotherapy is conducted while being seated. Individuals seeking a new and rewarding career find that helping others to experience self-empowerment makes a meaningful and rewarding difference in their own lives.

S.J.U.'s Accreditation

St. John's University is an approved accredited member of the Association of Independent Christian Colleges and Seminaries, a private accrediting agency that accredits church affiliated colleges and seminaries. A.I.C.C.S. is located in St. Charles, Missouri, 636 - 922 - 1810.

S.J.U.'s Non-Discrimination Policy

St. John's University admits students of any race, color, and national or ethnic origin to all students the rights, privileges, programs and activities generally accorded or made available to students at the University. It does not discriminate on the basis of race, color, national, and ethnic origin in administration of its educational policies, admissions policies, scholarship and tuition programs, and other school-administered programs.

Admissions Procedure

Prospective students are encouraged to carefully review this catalog prior to applying to the Office of Admissions. Applicants wishing to enroll are to submit, as a complete unit, their application packet. There are application forms and checklist of materials to include in an application packet at the end of this catalog.

Components to be included in a degree application packet are: a non-refundable application fee of \$50.00 made payable to St. John's University, recent photo, recent resume, two letters of recommendation suitable for college admissions (reference letters should be on official letterhead if possible), and sealed official college transcripts for possible transfer credit. Additional documents may be included such as continuing education certificates, etc.

When listing attendance at previous schools, applicants should indicate the name by which they were previously enrolled. This will enable transcripts, which are mailed directly from another school, to be properly filed in the applicant's application packet. Applications will only be processed when the application is considered to be complete.

Semester Calendar

New students, once accepted to S.J.U., are to refer to the Student Guide for information about Open Enrollment when beginning their first semester of study. Once enrolled, students have the option of the Fast Track enabling a faster transition from semester to semester.

The registration schedule for the spring semester is January 1st through January 15th; registration for the summer semester is from May 15 to June 1st; registration for the fall semester is September 1st to September 15th. S.J.U. students are to refer to the Student Guide for further information.

Course Semester Hours of Credit

Each semester hour of college credit represents approximately 15 clock hours of study. This includes viewing DVD curriculum, reading assigned textbooks, completing course assignments, completing final projects, and completing a final exam. Most degree courses grant 3 semester hours of college credit, which represents approximately 45 clock hours of completed course work.

Visit the S.J.U. e-bookstore for many self-help materials.

Transfer of Credits

When applying for enrollment at St. John's University, official transcripts from seminary programs, colleges and universities are required. All transcripts are to include the previous school's legend of explanation regarding quarter or semester hours of credit, grading system, etc. Courses must have a grade of B or better to be eligible to transfer.

When applying for admissions to St. John's University and the applicant does not have an official transcript in their possession, the prospective student is to request official transcripts be e-mailed directly to St. John's University. They are to be e-mailed to Admissions Department of St. John's University at www.sjunow.org. The University's Office of Admissions can be reached at 951-599-7550.

The transfer of earned credits from St. John's University to another school is at the complete discretion of an institution to which you may seek to transfer. If the credits or degree that you earn at St. John's University are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For that reason, you should make certain that your attendance at St. John's University will meet your educational goals. This may include contacting an institution, to which you seek to transfer after attending St. John's University, to determine if your credits or degree will transfer.

Student Responsibilities

Students enjoy the convenience and flexibility of a self-paced distance learning certification or degree program. Students take personal responsibility in all aspects of their fulfilling the requirements of their program including completing registration, remitting tuition and other fees in a timely manner, dedicating the time and energy to doing one's best academic work, completing courses within the semester time frame, and fulfilling all requirements prior to graduation.

Students who have a concern are encouraged to contact their Academic Advisor or the Office of Student Services.

Code of Conduct

Students are expected to conduct all aspects of their affiliation with St. John's University in an honorable manner. This begins with the application process for admissions, completing all course work requirements with the highest level of ethical and moral standards. Students are expected to respect and follow all University guidelines and requirements.

Should a student fail to conduct himself or herself according to these standards, the student's situation in question will be reviewed by the Academic Dean, whose decision regarding the situation in question and the student's status at St. John's University will be final.

Active and Inactive Student Status

Students are granted an active student status when they are officially admitted to a degree program at the University. To maintain an active student status, students are to register for a minimum of six semester hours of credit per semester and complete all requirements of the University, including tuition payments, ordering of textbooks, completion of assignments and final exams within the time requirements of the semester.

A student must maintain an active student status to continue receiving University services. Students may also request an inactive status for one semester. Students who have a medical emergency or have a military deployment, may request an inactive status up to a period of one year. All requests for going inactive or re-activating a program are to be in writing.

Degree Requirements

Degree requirement for completing the Associate Degree is 60 semester hours; Bachelor Degree is 120 semester hours; Master Degree is 39 semester hours; Ph.D. is 57 semester hours; the Post-Doctoral program is 39 semester hours.

Degree requirement for completing the Ph.D. Degree in Spiritual Healing or Clinical Hypnotherapy is the successful completion of 57 semester hours of credit with a minimum GPA or grade point average of 3.0.

Grading System

St. John's University grades on a 4.00 system. An A (90-100%) is 4.00; B (80-89%) is 3.00; C (70-79%) is 2.0; D (60-69%) is 1.00; and F (below 59%) is 0.00. The final course grade is an average of all course requirements.

Assignments are typically weighted as 50%, final projects and research papers are weighted as 25%, and the final exam is weighted as 25%.

Student Tuition and Miscellaneous Fees

St. John's University is committed to offering quality education at affordable tuition. The University does not participate in federal or state financial programs, enabling each student to graduate without any student loan debt.

The current tuition rate per course is \$350.00 for the Certification Program, \$375.00 for the Associate degree, \$400.00 for the Bachelor of Arts degree, \$450.00 for the Master of Arts degree, \$525.00 for the Ph.D. degree, and \$600.00 for the Post-Doctoral program. Cost of course materials vary per course.

The non-refundable admission application fee is \$50.00. The non-refundable registration fee each semester is \$50.00. Upon initial enrollment to S.J.U., students select the tuition option of Plan A, and pay their certification or degree tuition in full for courses taken each semester, or Plan B and pay per course per month for an additional 5% service fee.

When a student is inactive for an extended period of time and re-activates, the tuition rate will be adjusted to current rates. Any update in curriculum, textbooks, instructor assignments, etc. will also be adjusted to enable the student to successfully resume and complete their studies.

Students are encouraged to pace their studies to enable the successful completion of their degree program. Student tuition and miscellaneous fees are subject to annual review and revision.

St. John's University E-Bookstore

Students enjoy easy access to the large variety and quantity of professional Clinical Hypnotherapy self-help materials at the University's e-bookstore. The e-bookstore is at the top of the S.J.U. home page at www.sjunow.org.

Student Services

Prospective students are encouraged to contact by e-mail or phone the Office of Admissions and speak with an admissions counselor. Once a student has been accepted and has enrolled, they register for their first semester courses and order their textbooks and study materials. Students may contact the Office of Student Records regarding final grades, ordering transcripts or guidelines for graduation.

Tuition Refund Policy

Students have within 14 days from the date of registration to request a refund of tuition. Refund requests must be in writing and will be processed within 30 days from the date of the refund request. Each semester, registration will provide additional information regarding student refunds. Registration fees and course material fees are non-refundable.

Dismissal Policies

It is rare that a student has been dismissed or terminated from St. John's University. Reasons for possible termination are: fraudulent application packet; plagiarism when completing assignments, research papers, thesis or dissertation; breach of professional ethics or unlawful behavior; failure to fulfill University guidelines or requirements. Should a student be dismissed, transcripts of coursework will be released when all University requirements have been fulfilled.

Request Inactive Student Status

Enrolled students who are in good standing at the University may request a leave of absence and be granted an inactive student status for one, two or three semesters. All requests are to be in writing, and e-mailed to the University. The date on the e-mail will document the date of the request.

Students are required to submit their request for an inactive status at least 30 days prior to the beginning of a semester. The request may be granted if the student is in good standing. Good standing requires all tuition and student fees are paid, and all registered courses that semester have been completed. Inactive students must submit in writing a request to activate their program no later than 30 days prior to the semester in which the student will register.

University Regulations

St. John's University promotes a positive and nurturing learning environment. There is a spirit of good will that permeates all aspects of the University. Effective communication between students, instructors and administrative staff further support this spirit of community.

The University reserves the right to change, at any time without notice, future tuition rates, future student fees, school regulations and guidelines if the need for such changes is determined by the Board of Directors. Student records, including financial and academic transcripts, are maintained as permanent records at the University.

Successfully Completing Courses

Many students are already busy professionals with both career and family responsibilities when they enroll at S.J.U. One of the reasons why S.J.U. has a high graduation rate is the personalized one-on-one student faculty relationship. Completion of each course consists of completing course assignments that may include reading supplemental packets of handouts, watching professionally filmed DVDs, completing various writing projects, and completing a final examination.

Graduations

Graduations are scheduled at the end of each semester and held in January, June, and August. Students are to refer to the Student Guide regarding graduation procedures and guidelines. The Graduation Request form is to be received at the University by November 15th to be eligible to graduate in January, and by April 15th, in order to graduate in June. All final grades are to be received from instructors at the Registrar's office by December 1st for the January graduation, by June 1st for the June graduation, and by August 1st for the August graduation.

Graduating with Honors

Students graduate with honors when graduating with a minimum of a 3.70 grade point average out of a 4.00 G.P.A.:

<i>Summa Cum Laude</i>	3.91 – 4.00
<i>Magna Cum Laude</i>	3.81 – 3.90
<i>Cum Laude</i>	3.70 – 3.80

S.J.U. High School Equivalency Program

St. John's University has offered a High School Equivalency national testing service since 1970. Thousands of individuals have completed this program and have been accepted in community colleges, technical career schools, and entered every branch of the U.S. military. Graduates have also gained better employment opportunities.

This comprehensive examination is a standardized paper and pencil test, offered in English, and is completed in one day. Students must be at least 18 years of age to be eligible to take the test. Individuals who are age 17 may take the test during the month prior to their 18th birthday. The test includes: logical reasoning/reading, spelling, English, mathematics, vocabulary, word grouping, and science. The test is self-paced, enabling students to complete each part of the test at their own pace. A minimum total test score of 70 is required to pass.

The cost of this program is \$300.00. This tuition includes registration fee, testing fee, Proctor fee, scoring fee, and graduation fee as well as the cost to issue and mail graduation materials to each graduate. All tests records are permanent records and are maintained at the University. Additional transcripts and Equivalency Certificates can be ordered for a nominal fee. For more information about this program, call the Office of Admissions at 951-599-7550.

Department of Clinical Hypnotherapy/ Spiritual Healing Arts & Sciences

St. John's University has offered a comprehensive 3-tiered Certification program in Hypnotherapy or Spiritual Healing since 1970. S.J.U. has trained hundreds of nurses, physicians, psychologists, marriage and family counselors, substance abuse counselors, ministers, teachers, coaches, nursing home and hospital administrators, criminal justice specialists, and many others.

In 1958, the American Medical Association approved the use of hypnosis as a safe and effective tool to facilitate the healing process of the mind and the body. In 1960, the American Psychological Association approved the use of hypnosis as an effective technique for helping people with psychological problems.

In 1992, St. John's University was recognized for its college level academic contribution to the profession of Clinical Hypnotherapy and was inducted into the International Hypnosis Hall of Fame.

Level I Certification

- Course 1: Advance Techniques of Hypnosis I
- Course 2: Advance Techniques of Hypnosis II
- Course 3: Clinical Hypnotherapy
- Course 4: Using Hypnosis for Therapy

Students completing Level I Certification are granted Certification as Certified Hypnotists.

Level II Certification

- Course 5: Hypnotherapy
- Course 6: Advanced Hypnotherapy
- Course 7: Hypnotherapy with Children
- Course 8: Hypnosis and Therapeutic Psychology
- Course 9: Clinical Hypnosis
- Course 10: Techniques of Regression
- Course 11: Creating a Successful Practice or Center

Students completing Level II Certification are granted Certification as Certified Hypnotherapists.

Level III Certification

Supervised Internship: Interns are assigned a faculty Supervisor and complete their Internship requirements in their own location through distance learning. Students completing this level of Certification are granted Certification as a Clinical Hypnotherapist.

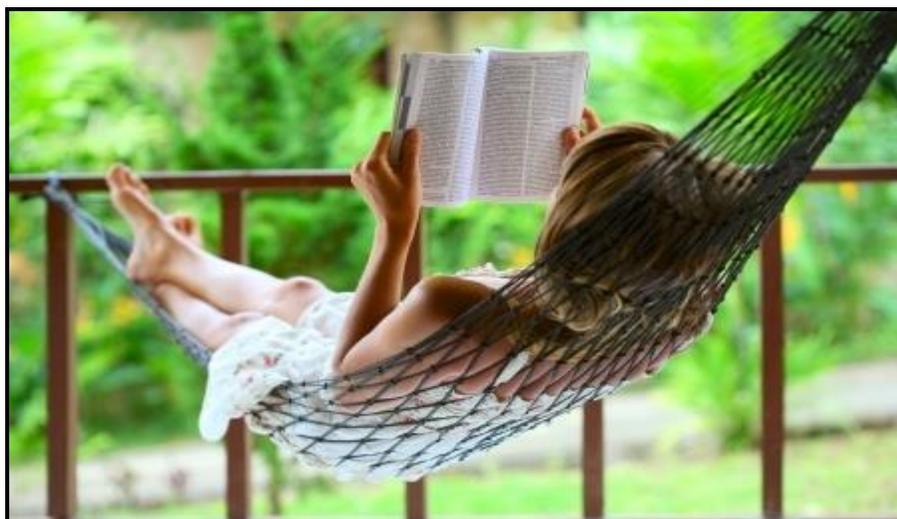

Associate of Arts Degree in Clinical Hypnotherapy/Spiritual Healing

Applicants must have a minimum of a High School Diploma or its equivalency. Previously earned college credits can transfer as part of the enrollment process. Students are to maintain a minimum G.P.A. of 2.50.

Course Outline

<u>Cat #</u>	<u>Course Title</u>	<u>Credits</u>
SH 201	Advanced Techniques of Hypnotherapy I	3
SH 203	Advanced Techniques of Hypnotherapy II	3
SH 205	Clinical Hypnotherapy	3

SH 821	Creating a Successful Hypnotherapy Center	3
SH 823	Supervised Internship	6
SH 825	Dissertation Preparation	6
SH 830	Dissertation	12

The Ph.D. Degree consists of 57 semester hours of curriculum.

The Supervised Internship grants 6 semester hours of credit. The Dissertation features the Candidate's original research and is to be completed within 2 semesters. The minimum length for the Dissertation is 50,000 words or approximately 200 pages. Doctoral Candidates are to maintain a minimum G.P.A. of 3.00.

The Post-Doctoral Program consists of 39 semester hours of curriculum. This program is offered to individuals who have earned the Ph.D. credential in an appropriate field of study prior to enrolling at S.J.U.

Introducing Your Faculty Instructors

Pamela Winkler, Ph.D., earned her Bachelor of Arts in Education from Saint Mary's College, Notre Dame, IN; Master of Science in Educational Psychology from Miami of Ohio, Miami, OH; Ph.D. (A.B.D.) in Social Psychology from Tulane University, New Orleans, LA; Ph.D. in Clinical Psychology from St. John's University, Springfield, LA; Post-Doctorate in Clinical Hypnotherapy from St. John's University, Springfield, LA.

Dr. Pam has taught Child Psychology at the Charity School of Nursing and Social Psychology at Tulane University in New Orleans, LA. She has expanded the Post-Doctoral program and is the Dissertation Advisor to S.J.U. Doctoral Candidates completing original research projects.

Dr. Pam is a national speaker on the topic of harnessing the power of the inner mind for holistic wellness. Dr. Pam continues her therapy with private clients and teaches self-help seminars and workshops at professional conferences.

Dr. Pam co-authored with Dr. Art, *Mind Medicine – the 40 Most Unusual Cases out of 40,000 with Hypnosis* which demonstrates the unlimited power of the inner mind for self-healing. Dr. Pam was recognized for her extensive academic contribution to Clinical Hypnotherapy and was inducted into the International Hypnosis Hall of Fame in 1993 with the prestigious *Education Sealah Award*.

E. Arthur Winkler, Th.D., Ph.D., holds the following degrees: Bachelor of Arts in Education, Master of Theology, Doctorate of Theology, and Doctorate of Philosophy in Clinical Psychology. He attended the following colleges and graduate schools: Booth Memorial College, Hannibal LaGrange College, Culver-Stockton College, N.E. Missouri University, Kearny State College, Iliff School of Theology, Midwestern University and Geneva Theological College. He has taught at Lindenwood University in St. Louis, MO, University of North Florida, and Northeast Florida Community College.

Dr. Art authored 28 books about the power of the mind, including the *Hypnotic Inductions & Prescriptions Handbooks*. During the 1960's, he pioneered the use of subliminal technology and produced an extensive self-help library of subliminal and hypnotic self-help CDs. Dr. Art was a popular presenter/trainer at many national Clergy and Hypnotherapy conferences.

Dr. Art's Clinical Hypnotherapy practice spanned 3 decades with over 35,000 private clients and thousands of others, who attended conferences where he taught advanced Hypnotherapy workshops and seminars. Dr. Art was recognized for his vast contribution to the profession of Hypnotherapy by the International Hypnosis Hall of Fame and was inducted in 1993 with the prestigious *Life-Time Achievement Award*.
